## STUMP HISTORY

“By a natural born instinct the human race is inclined to look forward to future events, which is a great factor in life.

In fact it is highly important that we do so, especially from the standpoint of our Household and Business affairs, and it is especially necessary that we look onward and upward, to a higher plane of life Morally, Socially, and Religiously, and be prepared for the Spiritual life which is to come in the future, “Seek ye the kingdom of God and his righteousness.” Mat. 6:33.

And we should also look back in reverence to our noble ancestors, to whom we owe a debt of gratitude and respect.

Therefore with a degree of retrospection, in compiling this work, may it be indelibly stamped upon our minds that we should be greatly indebted—

First—To our ancestors for having had the privilege of being born in a land of Bibles, and religious liberties.

Second—To our parents who so faithfully discharged their duties in rearing us in the nurture and admonition of the Lord, and to be law abiding citizens.

Third—To those who helped and aided in this work, all of which is duly appreciated, indeed to such we are greatly indebted.

Fourth—To those of the present day, who are descendants of these noble ancestors, as well as those of future generations, may we all when weighed in the balance of righteous principles, be not found wanting.

“So therefore in compliance with all the foregoing, I dedicate this History to the memory of my Father JOSEPH STUMP, who started an outline from memory, at the late date of 1903 in the year of our Lord.

And which should of been started many years previous, while many of our ancestors were yet living, and names, and dates would not of been so difficult to obtain, as very few records were kept, and some that were kept were lost or destroyed by persons who were indifferent to the cause of Family History.

After Father set up the first record, or schedule of the families up to and including the 6th generation of the kith and kin, the history laid dormant for several years, or until about the year 1934.

When Mrs. Carl W. Peterson of Moroni, Utah sent a letter of inquiry to the Piqua, Ohio Post Office.

The Supt. of Mails gave me the letter, and I soon discovered who it was from, and I made immediate reply, and from that time on we have been gathering data, which is a very slow process, as some people are so slow in responding to our inquiries.

“However, as time marched on, I have by the help of some of the kin who were sufficiently interested, namely Mrs. Elizabeth Ann Peterson of Moroni, Utah, Mrs. Goldie H. Darr of Cumberland, Md., Mrs. Minnie Butts of Cumberland, Md., Mrs. Minnie Belle Mathews of Frazeysburg, Ohio, Mrs. Minnie C. Gordon of Georgetown, Ohio, Mrs. Lulu Beall Clark of Lancaster, Ohio, Mrs. Emma P. Crane of Ulyses, Neb., Mrs. Sylvia E. Wise of Grants Pass, Oregon, Mr. Samuel D. Stump of Akron, Ohio, Mr. Samuel Noland of Warren, Ohio, Mr. Edward W. Noland of Romney, W. Va., Mr. Hamilton Martin of Points, W. Va., Mr. Harvey Saville of Points, W. Va., Mr. Jacob Martin of Wiley Ford, W. Va., Mr. Wayne Ginevan of Elizabeth, Pa., Mr. Harry McMakin of Dixon, Mo., Mr. Merl J. Hiett of Paw Paw, W. Va., and many others, have been able to add names and dates, till we have a fairly good account of our efforts.

“The following information was secured through another clan of the Stump families located in and around Akron, Ohio. Among the first of the name to America, was a Christopher Stump who came to Pa. in 1749. And Carl Ludwig Stumb in 1750. Ludwig Stumb in 1751. Johanness Stumpp in 1751. Hans George Stumph in 1753, and Joseph Stumpe at a later date.

Another of the early imigrants of the name to America, was Michael Stumpe, who came to Virginia before 1776, and made his home on the South Branch of the Potomac River. He is said to of been a Colonel in the Revolutionary War, and to of been the father by his wife Sarah Hughes, of at least one son named Michael Jr. and probably of others as well.

This Michael Jr. is said to made his home in W. Va. and married a Miss Richardson, by whom he was the father of Michael the 3rd, Jacob, Absalom, John, George, Jesse, Sarah, Mary Magdalene, Elizabeth, Temperance, and Jemima, of whom the son Jacob Md. Jan Boggs, and by her, had among others, a son named Bailey. And the other children left issue also.

From another source we find the following, Penn. Archives Series 3 Vol. 14 a list of names with a lot of numbers affixed, which we suppose are lot Nos. Adam, Booth, Casper, Charles, Christian, Christopher, Conrad, Francei, Fredrick, George, George Adam, Godleb, Hans, Hermant, Henry, Henry A., Herman, Jacob, James, John, Joseph, Leonard, Lodwick, Ludwick, Mathew, Mathias, Michael, Nathan, Peter, Philip, Staphel, William, Yellas, and Yeolas STUMP.

And Mrs. Peterson of Moroni, Utah sent the following, Penn, Book 10d, Vol. 4, Page 109, to wit—A Christopher Stump came to the Tulpehocken region after the 13th of May 1723, but before 1725, since his name is listed on the first tax list for the section, dated 10th of January 1725.

He with his wife and two children sailed for England from Rotterdam, Holland, July 26, 1709. And left England the following spring of 1710. And arrived in New York Harbor in June or July 1710. They went to Shoharie Valley in New York State. (We wonder who those two children were?). It is supposed they lived in New York State several years before going to Penn.

Also of the Penn. census of 1790 we find a Peter Stump 11 in family living in Uwchland Tp., Chester Co., Christopher Stump 11, in family living in Montgomery Co., John Stump, 5 in family in Philadelphia Co., in 1771 Abram Stump and family lived in Heidelberg Tp, Lancaster Co.

It is reasonable to suppose that some, if not all of these old STUMPS were the forefathers of the many different clans scattered throughout the Nation.

They nearly all trace their ancestry to Pennsylvania, (Geographically speaking), but they all had their origin in the old country, Holland & Germany.

I have made an effort to find an early History of our ancestry, if there be one, and also if there be a Coat of Arms connected there-with.

We notice they spelled their name different ways—Stumb, Stumpe, Stumph, Stummp, Stumpf, Stumpp, but finally the plain and simple way STUMP did they adopt.

(In compiling this History I am using a few abbreviations, Bn. for born, Md. for married, Dd. for died, and Nr. for no record, S. for single.)

(KEY to follow the numbers through—The first denotes the number of the person, the second figure denotes the genera-

tion to which the person belongs, and follows through from 1 to 918, through 8 generations, and 2 in the 9th.)

"The early records of our strain of the STUMP family, comes mostly by word of mouth, as I have stated few records were kept. So the best information we have, is that our Great-Great-Grandfather PETER STUMP whose date, and place of birth is unknown. Had a half brother Christopher Stump, and they lived in Berks Co., Penn. not far from Philadelphia, and that Great-Great-Grandfather who was of German decent, Md. a lady by the name of Catharine Widen (or Widon), about the year 1772. She was of low Dutch decent from Holland.

And to this union 6 children were Bn. as of the second generation—

- 1-2—John Stump bn
- 2-2—Jacob Stump bn
- 3-2—Joseph Stump bn
- 4-2—Samuel Stump bn ? dd at age of 15.
- 5-2—Elizabeth Stump
- 6-2—Benjamin Stump bn

Great-Great-Grandfather Peter Stump was bn about 1740, as he was 69 years old when he dd in 1809.

And Great-Great-Grandmother Catharine W. Stump was bn about 1750, as she was 84 years old when she dd in 1834.

It is said they lived in Berks Co., Penn. during the Revolutionary War, and that Great-Great-Grandfather is said to of been a Wagoner, and helped to haul provisions for Gen. George Washington's Army when it lay at Valley Forge in 1776-7.

They lived there until about 1784, or 5, then he and his family, and his half brother Christopher Stump started to move to Tenn. They got as far as Loudoun Co., Va. And there for some reason or other Great-Great-Grandfather stopped and settled on a tract of land along Goose Creek.

It is said Christopher Stump went on, and no more was ever heard of him, but we learn there are a lot of Stumps in Tenn. and Ky. and it is reasonable to suppose they might be his decendants.

And it is said G-G-Grandpa Peter Stump lived in Loudoun Co., Va. till about 1801, or 2, and then moved to Hampshire Co., W. Va. And that all their children were md in Loudoun Co., Va., but upon investigation I failed to find any Court Records

to substantiate that claim, so what?

I have no definite record of the deaths of all these people, although I went up to the old family Graveyard, which is on the side of a Mountain near North River, about 2 miles south of Ice Mountain in Hampshire Co., W. Va.

And the inscriptions on the Tombstones are so decayed that they are unreadable, but I did figure out that Rebecca Jane's death was in 1913, which would make her age at 79 years.

No date for Margaret Elizabeth's death, but Nanni Virginia's death is quoted as Nov. 11, 1913.

No date for Mrs. Rebecca Cody Stumps death, and Samuel J. Stump dd 30, 1869.

There are several other graves in the dilapidated old Cemetery. Some are kin folks, and some are the slaves.

Here I quote from Miss Maud Pugh's History of Hampshire Co. And she says these daughters remained single, and each had a charming, and distinct personality, and all the fine

qualities that go to make good citizenship.

There was peace, and plenty of shade, flowers, and good cheer. In the days of old Virginia, Hospitality was freely dispensed at that home.

Even after the Parents death, these Sisters fed the hungry, and clothed the poor, until there was danger of not having enough for their own comfort.

And some unworthy people took advantage of their kindness, to live off of them, even in recent years.

Miss Nannie Virginia (Jenny as she was called) the youngest, outlived all her kin, although having been seriously injured in later life by a fall from a horse.

"One feels incapable of doing these fine people justice with a pen," M. P.

 John Boggess Stump took for his wife Margaret Moreland  
 of Culpepper Co., Va. Jan. 21, 1830, whose father William  
 Moreland owned 5,000 acres of land, and several hundred slaves.

Soon after their marriage, John B. and his Father-in-law William Moreland went to Ohio, and took a Land Grant on 400 acres in Brown Co. along White Oak River. Which was sponsored by George Washington for services rendered him and his Army when they lay at Valley Forge, by Peter, Christopher, and Benjamin Stump, and John B. being a decendant of those old patriots, accepted the offer.

They came, got title to the land, and built a large house 60 x 40 feet, of Walnut logs, hewn square, and the walls were 14 inches thick, with drop siding, and a Clap-board roof. After they had built the house, barn, and some out buildings, John B. returned to Va. for his bride, and she brought along her carriage, horses, household equipment, and several of her slaves.

They prospered, and had a family of 8 children, 2 of them did in infancy, 6 grew to maturity, 1 was killed in the battle of Nashville.

As stated, Mrs. Margaret died in her 37th year. John B. married again and had 4 children. He died Sept. 28,/78 at the age of 79 yrs., 11 mo., 29 days. We have no account of his second wife death, but it is supposed some of his children, both his wives, and himself, are buried in the Family Cemetery near the old home which was destroyed by fire several years ago.

Ohio, dd April 31, 1850, Council Bluffs, Ia.

Here I will include some History concerning this Benjamin Stump and family, and the oldest daughter Elizabeth Jane in particular, who is said to of been bn in Farquier Co., Va. (But upon investigation, I failed to find Court Records to substantiate the claim). However, when she was 2 years old her parents moved from Virginia, to the vicinity of White Oak Brown Co., Ohio. Where the other 8 children were born. And when Elizabeth Jane was about 20 years old in 1849, her Mother died.

She assumed the responsibility of the home, and aided her Father in caring for the younger brothers and sisters.

Within a year Mr. Benjamin sold all his possessions, and started westward, by going to Cincinnati and taking boat down

the Ohio to Cairo, Ill., and up the Mississippi to the Missouri River and up to Council Bluffs, Iowa.

Enroute to Council Bluffs an epidemic of Smallpox broke out on the boat, and the little sister Nancy Adelaide died April 3rd 1850. And 5 days later April 8th the Father Benjamin died at the age of 43 years, 4 mo., 22 days. And on May 26 the oldest brother James Edward died at the age of 19 yrs., 2 mo., 16 days.

This was indeed a very severe trial for Elizabeth as she had 3 little brothers, and a sister to care for, all alone, in a strange land, among strangers.

But she stayed on in Council Bluffs, taking care of her little brothers, and sister

One night she attended a revival meeting, and it so happened the speakers were two Mormon Missionaries and their subject was life after death.

Elizabeth listened breathlessly, as for the first time since her Mothers death had she felt comforted.

As her grief at her Mothers death was a most harrowing experience. As the Minister had told her just before the casket was closed to gaze upon your Mothers face for the last time, as you will never see her again.

She became interested in the Gospel, and joined the Mormon Church, (Church of Jesus Christ, of the Latter Day Saints).

While living in Council Bluffs she met and married Solomon McIntosh in 1851. A widower with 2 little girls, named Sarah Ann, and Malinda McIntosh.

With her little brothers, and sister, her husband and 2 step daughters, they emigrated to Utah in 1852 by wagon train. The McIntosh family had 1 wagon, 4 oxen, 1 cow, 1 calf, 3 sheep.

She walked all the way across the plains.

Elizabeth was a very sweet singer, and at evenings when the camp chores were done she would take her Spinning wheel down from the wagon, and spin, and sing, and whistle, till bed time. And many people would gather around the McIntosh wagon and listen to Elizabeth sing. She always prized her Spinning Wheel, as it was a gift from her Father.

Reaching Utah they settled at Tooele, about 25 miles S. W. of Salt Lake. Where they engaged in boiling, and refining salt. While living there she became the Mother of 2 little girls,

Nancy Elvina, and Mary Ann McIntosh, they both died young.

In 1857 the grasshoppers swarmed over the land, and the crops were nearly all destroyed, food became so scarce that she dug roots for food, an old Indian showed her the kind that were good to eat.

She grew so weak she could hardly walk from one to another, she never tasted bread for six weeks.

And while in this weakened condition she gave birth to a son, named Benjamin Cornelius McIntosh.

Soon after this sons birth, martial troubles arose between she and McIntosh. She appealed to President Brigham Young, and he granted her a divorce.

Then she went to Pond Town, (later named Salem). There she worked at most any kind of work to support herself and children. She made friends, and through her friends she met and married Uriah Curtis in 1859.

Two children were born to her, a daughter Vicena Calista born Oct. 15, 1860. And a son Joseph Uriah born Oct. 18, 1863. And when this son was one hour old his Father died of Pneumonia. This indeed was a hard trial for her. After the death of her husband his oldest son Erastus Curtis by a different wife, took over the responsibilities of his fathers families.

And he was called by Brigham Young to help settle San Pete County.

Elizabeths baby Joseph was only 3 weeks old, but she followed where duty called, and came to Moroni, this was in 1863, about the time the town was almost destroyed by a flood. President Young came out and advised the people to move to the hill north of the original town site. A house owned by Zachariah Kump, a very good friend of Elizabeth, into which she moved, and where she and her three children lived till the outbreak of the Blackhawk War, then she moved into the Fort along with the rest of the citizens to be protected from the Indians. Then as the War subsided she moved back into the Bro. Kumps house.

By this time Cornelius was about 10 years old, he gleaned in the fields beside his Mother, and did all he could to lighten her burden.

But tragedy struck again, as he and his Uncle Erastus had gone to haul Sage-brush to burn, and by so doing he would be allowed to have use of the team to haul brush for his Mother, who very reluctantly gave her consent for him to use the team.

He insisted, pointing out the need for fuel, so he and his little brother Joseph set out and succeeded in loading the brush, and started home. The horses became frightened, and Joseph was thrown clear and into a mud-puddle and was not injured. But Cornelius was thrown down onto the double-trees and under the horses feet, and before the horses could be stopped he was fatally injured, as the horses feet had struck his head in such a way that his scalp was torn from his head. He lived 3 days.

This blow was so strong that Elizabeth almost went mad, it was much more than she could stand.

She had little Vicena aged 6 and Joseph 3.

The citizens of Moroni gave her every encouragement, and showed her every kindness of heart they possessed.

Many pages of History could be written illustrating the character of our forefathers.

“We can well be proud of our heritage.”

She received her share of Uria Curtis' estate, so now she bought a little two room adobe home, one room in the front, and a lean-to in the back.

She struggled along from 1863 till 1872, living all the while in Moroni. She earned her living by house cleaning, washing, nursing the sick, and those afflicted with smallpox. She cared for the corpses and prepared them for burial. Then cleaned the infected houses. She also took her children to the fields and gleaned, that she might have food. Spinning, and quilting, also played an important part in her daily struggle to keep food, fuel, clothing, and shelter for herself and two children.

In the spring of 1872 Dr. William Taylor Dennis came to Moroni. He had attended Uriah Curtis when he passed away, and was an old friend of the family.

So on April 1, 1872 she married Dr. Dennis in the old endowment house in Salt Lake City.

They moved from Moroni to Marysville in Piute Co.

While living in Marysville she milked cows, made butter, and cheese which she sold to the Miners.

But through domestic discord, she returned to Moroni, and dropped the name of Dennis. But retained the name of Curtis, by which she went the rest of her life. It was in the fall of the year when she returned to Moroni, and she was in a weakened condition, but undaunted she spun 300 skeins of yarn, and quilted 9 quilts to help pay for her coming confinement, and to

buy food, and other necessities for the coming winter.

On Dec. 29, 1872 a daughter Elizabeth Ann Dennis, was born, it was a cold rainy day and several pans were used to keep the Mother and new-born babe from getting soaked.

Again good friends came to her aid, as brother Hans Hansen came and put on shingles to stop the leaks.

After her recovery she continued to spin and quilt, and any kind of menial labor to support her self and 3 children.

Smallpox broke out in Moroni, and during the epidemic she worked hand in hand with Dr. Clark.

Nursing became her chief means of support, and she took up the career of midwifery by Dr. Rogers who was not only a Dr. but a School-master.

For thirty years the name of Grandma Curtis, or "Sister Curtis," was spoken of with love and affection, not only in Moroni, but in neighboring towns as well. As Sister Helena Olsen recently remarked, that no sorrow of any kind happened unless Sister Curtis was called to comfort the hearts of the loved ones. Her gentle hands soothed the sorrowing and closed the eyes of the dying.

Her two older children helped her all they could, Joseph herded the town cows, went barefooted, saved his money and bought his Mother a stove, and when he got married he used the stove in his own home.

Vincena would wander about the hills and pull the wool off dead sheep, bring it home to her Mother who would wash and card it into rolls, then spun into yarn, and woven into cloth.

Once a year she would go to Manti, (about 20 miles south) to gather Salaratus, or Alkali, to aid in making soap. It was also used in baking, by scalding and let settle, then take a teaspoon, which made fine soda biscuits.

Each fall she went to Payson, where she worked in the Sugar Cane and received molasses for pay, she also worked in the fruit and received dried fruit as pay.

Time passed, and at last she was able to build a log room beyond the city ditch. This home still stands, and her Grand-son Neil Curtis lives in it.

He has improved it inside and out, and if the walls could talk, what stories they would tell.

The old fireplace is gone, but it was sitting near that old fireplace that I heard many beautiful Gospel Truths

When she moved into the little home she was without blind or curtain, so a group of the good Sisters led by Sister Mary Christensen took a picnick dinner and had a Birthday surprise on her, and presented her with a blind and curtain.

A few years later Sister Marys husband, Peter Christensen, who was in the Mercantile business, presented his wife a new Cookstove. He could of sold the old one, but Sister Mary said no, I am going to give it to Sister Curtis, to which he agreed.

The last years of her life was spent with her daughter Vicena Blackham, and had the best of care and lived to be 80 years old. She passed away May 19, 1909. The speakers at her funeral were Aaron Hart, Joseph Jolly, and Bishop Orlando Bradley, who paid just tribute to her life, labor and memory of their departed friend. Her life was an inspiration, and fitting example of ones ability to live after the admonition of the Lord, who said Do unto others as you wish to be done by.

Whose love can equal the love of a Mother?

Whose the devotion, so loyal and true?

Who suffer so much joy for another?

Who works with so much pleasure, as Mother for you?

You hail with delight the friendship of others.

You revel in love of the sweetheart you have won

Yet where do you find a friendship like Mothers

Unbroken till death calls, and lifes work is done.

“Here we will include the obituary of Rhoda Huff, the wife of Jacob Stump.

Dear Brother Clark: By request of Brother Jacob Stump I send you this obituary notice of the death of his dear companion, Sister Rhoda Huff Stump which took place the 7th of last September about 12 o'clock at night. She was in her 47th yr.

Sister Stump had been an orderly and faithful Baptist for about 18 years. Although greatly afflicted for number of years, not a word of murmuring or impatience was manifested by her.

But in patience possessed she her soul. And in great meekness and lamb like disposition she approached the end of her pilgrimage here below.

One might suppose she would die in a spasm or fit as she

was subject to them for years. But not the least symptom of pain or suffering was experienced.

And indeed as long as she could speak she said she had no misery, and wanted no physician, and no doubt was strongly impressed by the Lords presence.

The hour of dissolution was near before she took her bed, as she came to her husband, an leaned upon him and said "Papa" (as she always called him) I feel my time is near its close in this world.

And so it was, for in about a week she departed without a struggle or a groan. It seemed to us she had filled up her lot of affliction before, and nothing remained but the sting of death.

And tranquil and serene as a summer day, when not a breeze disturbed a leaf, she passed away, and we feel she is not dead, but sleepeth, and our loss is her gain.

Greatly we miss her in all departments, and relations of life, but we mourn not as those who have no hope, for we feel she is better off than we are.

Brother Clark: Brother Stump asks you and all your dear children to remember him in your Prayers, in his affliction, and also his family, as several of them are sick.

I tried to preach upon the occasion to a large and appreciative audience, from the words in 1st Thes. IV-14. Your Brother in the cause of God and Truth.—John A. Corder, Little Capon, Oct. 1, 1871.

He became suddenly ill in the pulpit of one of his appointments, and died before medical aid could reach him.

His widow held a position at the Deaf, and Blind School in Romney for some time.

57-4—JOSEPH STUMP Author of this History, the oldest son of William B. (17) and Rebecca Stump (13) was bn Sept., 15, 1827, in Gore District Hampshire Co.

He helped to build the Log School House in which he received his education.

He grew to manhood, and helped his Father and brothers on the farm for a few years, then to live with, and work for, his Uncle John B. Stump in Brown Co.,

Ohio.

He never enlisted in either of the Armies of the Civil War, and by clever maneuvering he managed to evade being drafted. On the principle, that he claimed the War was unjustifiable.

He was what would be known in this day, and age, as a concienious objector.

After the war he returned to his home in W. Va. And aside from working on the farm, and other jobs about the neighborhood, he worked for some time as a Section hand on the B. & O. Ry.

On Jan. 13, 1870 he married Miss Nancy Alice Miller of the Levels District, who was bn Oct. 28, 1843, at Edom Rockingham Co., Va. and when she was about 18 yrs. old, her parents moved to the Levels District in Hampshire Co., W. Va.

They made their home at his fathers place during the next year, and on Dec. 12, 1870 a son—

168-5—Jacob Milton was bn—

On March 30, 1871, he with his wife and son emigrated to Miami Co., Ohio near Piqua, where her family had located a few years previous.

And it was in this section of the country he spent the remainder of his life. And followed the occupation of farming, until the infirmitives of old age overtook him. On Nov. 10, 1879 another son came to bless the home, and they named him

169-5—William Luther.

In January 1883 he made a farewell visit back to his old home in W. Va. to see his aged Mother, brothers and other near kin in that section of the country.

His wife preceded him in death April 21, 1919, at the age of 75 yrs., 5 mo., 23 days.

His Father, Mother, 5 brothers, 2 sisters, all preceded him to the realm beyond.

He departed this life Nov. 4, 1921, at the ripe old age of 94 years, 1 mo., 19 days. Survived by his two sons, two daughter-in-laws, two grandsons, 1 sister-in-law, three nieces, two nephews, four cousins. He was buried beside his wife in the Harris Creek Cemetery one mile north of Bradford, Ohio.

He never affiliated with any church, but had a firm faith as a Primitive Baptist, and spent much of his time reading his Bible, and literature of that faith. J.M.S.

In behalf of Mrs. Carl W. Peterson of Moroni, Utah, we will include a bit of Dennis History—

George Dennis a Wheelwright, lived in Normandy, France, and a great friend of Marquis DeLaFayette, and wanted to come to America, so he volunteered as a Flagman to LaFayette, and came over and fought in the Revolutionary War in 1776. His son James wasn't old enough to bear arms, but was a forge master.

James md Dorothy Taylor Thomas a daughter of Dr. William Thomas, a Welshman who fought in the war of 1812 under Andrew Jackson.

James Dennis became the father of 6 children—

The first was named after his Grandfather George. Twin sisters Cynthia and Lucinda, James Jr., Della, and William Tay-

lor who was bn Jan. 18, 1810. His Dad dd when he was 5 years old, and his Mom when he was 8.

He was reared by his brothers and sisters.

The boys all learned the Wheelwright trade from their Grandfather, except William, he studied medicine and became a Doctor.

When he was 22 years old he became Sheriff of 3 Counties, at \$3,000, per year. He held that Office for 6 years, then took 640 acres in the Mississippi Valley, hired men to build fences, and a house, then md Talitha Bankhead of Alabama. They raised a family, but we have no record of them.

While in Alabama he built a Sawmill, and a Gristmill. They came to Utah in 1854. He had a large practice as a medical Dr. for 20 years.

While living in Utah he married Mrs. Elizabeth Jane Stump, McIntosh, Curtis, a widow, April 1, 1872.

He died Nov. 25, 1895 at the age of 85 yrs., 10 mo., 7 days

swampy that the president of the church advised the people to move up on higher ground, where the town now stands.

Erastus Curtis was very active in the Blackhawk, Walker, and Sanpetch Wars. He was appointed Captain all through the Blackhawk War. And was called to Castle Valley in 1877. (Emery Co. was then Sanpete Co. which went to the Colorado line, 4 counties have since been made of that). In later years he moved to Idaho with his first wife Caroline. 168-5—J. Milton Stump Co.-Author of this History was bn  
Dec. 12, 1870 in Hampshire Co., W. Va.

As heretofore stated, my parents emigrated to near Piqua Miami Co., Ohio, where I received my education in the "Little Red School House's," and grew to manhood, and followed the occupations of Farming, and Carpentering, until March 1, 1905, when I entered the Civil Service as a Substitute Letter Carrier at the Piqua Post Office.

On Oct. 17, 1906 I hied myself off to Staunton, Va. and the next day I married Miss Florence Weller of near Laurel Hill Augusta Co.

We were married by the Rev. A. F. Frasier in the Presbyterian Parsonage in Staunton, "which by the way was the birth-place of our former President Woodrow Wilson. And which has been turned into a shrine of great importance by the D. A. R.

We returned to Piqua the next day and set up house keeping at 525 Boone St.

On Dec. 16, following I was appointed a Regular Carrier, in which capacity I served my allotted time to Jan. 1, 1936, when I was retired.

During the summer of 1937 we made an automobile tour through Ind., Ill., Iowa, Neb., Kan., Col., and Colorado Springs, where we spent a month. Then over the Rockies and down and around to Moroni, Utah to visit our cousins Mr. and Mrs. Carl Peterson and families for a few days.

"Much credit is due Mrs. Peterson for the help she has given in this work. As she has given a complete record of her Grandfather Benjamin Stump (No. 19) and all of his descendants. Of whom there are a large number, as you will observe as you peruse the Record.

After enjoying the hospitality of these good Mormon friends for a few days, we take Mrs. Peterson with us and resume our

journey northward, stopping at Payson for the evening and night with one of Mrs. Petersons daughters Mrs. Twilah McClellan and family.

The next day we travel to Spanish Fork to see the Pageant of the Black Hawk Indian War celebration. Then on our way again to Magna, (a subrub of Salt Lake City) where we spend the evening and night with one of Mrs. Petersons sons.

The next day to the city to see the Mormon Temple, the Tabernacle, the Capitol, and a few other points of interest, and about 4 o'clock we leave Mrs. Peterson at the Hotel to be met by one of her sons, and we resume our journey northward again, stopping for the night at a Tourist Camp near Ogden.

The next day we move on stopping at tourist camps and sight see through the Yellow Stone Park, and down through Wyoming and Colorado, and to Jetmore, Kansas where we spend a couple weeks with Mrs. Stump's sister, and families.

And in the meantime I attend the 31st National Convention of the N.A.L.C. at Kansas City, Mo.

We got back to Piqua the 15th of Sept. and rented an apartment for the fall and winter.

March 17th 1938 we packed up and moved to Staunton, Va. locating 4 miles north on Route 11, (Lee Highway).

## VALIDICTORY

“And there you have it.” After observing the use I have made of the abbreviation Nr.

Although I have traveled hundreds of miles, and wrote hundreds of letters, to gather the data for the Record, there are many who I could not contact personally.

And many of the queries I sent out were ignored, or regarded with doubt and suspicion. As the queries were half way answered, by omitting Birthdates, and Marriage dates. Which required a second, and in a few instances a third query, before all details were accounted for. Which incurred extra time and expense.

(Without referring to any in particular, but in some instances, it might lead to doubt or suspicion, if the parties are married at all, ?)

But let that be as it may, I have no apologies to offer for the many Nr's.

As stated I had some valuable help, which shows for its self in the Record.

And now in conclusion, I shall be frank to admit that my intellectual capacity has been taxed many times in untangling the connections of the several generations.

But by adopting an automatic, or perpetual numbering of each individual to be carried through from 1 to 916. Which I trust the readers will understand, and prove interesting.

And now I surrender all rights to any one who chooses to improve on my achivement.

Yours Sincerely,

J. Milton Stump

P. S. I am traveling my 83rd mile of lifes journey, and nearing my journeys end. Although I am in fairly good health, and the good Lord may let me live several years yet.
